

Health Spending Account **Reduce Your Healthcare Costs – Save Up To 35%**

Receive automatic issue; out of country travel semi private hospital and AD&D

As a member of the Society of Internet Professionals (SIP), you are now able to customize a Benefit program that offers you (and your employees) the most flexible, tax effective approach to benefits available today!

We've arranged the program with Benecaid Health Benefit Solutions. This unique plan offers 2 choices:

- Benefit Plan 1: HSA
- Benefit Plan 2: Add Health and Drug Plan

This program allows you to save significant money each year on their out-of-pocket health expenditures.

Creating a Health Spending Account (HSA) allows you to contribute tax free dollars to an account used exclusively for all health care spending. You choose the amount to meet your family's needs. You can also set up an account for employees in order to attract, retain and motivate them.

Your HSA covers all expenses for you and your dependents for all services provided by licensed medical practitioners. Unlike many insurance plans, there are no restrictions or caps as to the type of treatment. These services include, but are not limited to:

- Anti-Obesity Drugs, Audiologist Services, Hearing Aids, Contact Lenses & Vision Care, Laser Eye Surgery
- Cosmetic Dentistry, Orthodontic Services, Dental Surgeons Services, Naturopath Services, Cosmetic Surgery
- Autism Treatments, Special Needs Tuition & Services, Elderly Parent & Dependent Care, Drugs, Vitamins
- Assistive Mobility Devices, Supplements, Hair Addition or Removal, Medical Radiation Services, Midwife Services
- Botox Injections, Speech-language Pathologists, Respiratory Therapists, Prescription Glasses & Sunglasses
- Physicians and Surgeons, Occupational Therapist Services, Medical Laboratory Services, Dermatology Services
- Lots more ...

There are many more affinity programs and complimentary membership services, check all benefits of becoming member of SIP at: <http://www.sipgroup.org/membership/benefits.html>

Save 35% on all your Healthcare costs, for as little as \$50/month.
