

The Society of Internet Professionals (SIP) is a not-for-profit, membership based organization representing the interest of Internet professionals. Our mission is to uphold professional standards of internet professionals. Since 1997, SIP has spearheaded a professional code of ethics and many initiatives, educational programs, and networking events. Review our resource-intensive website <http://sipgroup.org>

Why You Should Be a Professional Member?

A dozen reasons to save more than the cost of the membership, enhance your professional and personal credibility by joining SIP as a professional member.

1. You will receive a digital **Membership Plaque** (as shown) with your name, which you can display on your personal website. Any one browsing your personal website can click on the plaque to validate your standing with SIP.
2. A **validation page** of your membership with your profile will be created on our Professional Members website.
3. A Membership Card is awarded to show at our and other events to get discounts.
4. Take advantage of many **affinity programs** (preferred pricing services from corporate members), such as Hosted PBX Telephone Service, Group Health Insurance, and many more ...
5. Demonstrate commitment to professionalism by subscribing to **SIP Code of Ethics** and build your credibility.
6. **Profiled** on Members Directory.
7. Free subscription to **SIPpost** and other magazines.
8. Networking opportunities with Industry Experts.
9. Access to many free **membership services**, such as Complimentary tickets to professional conferences/symposiums, when available.
10. Access to Industry Resources & **seminars archives**.
11. **Discount** on SIP's high-profile events and workshops.
12. **Business/Job Referrals** for your specific industry.

By becoming a SIP Professional Member, you are supporting an Industry association whose mission is to enhance and promote professionalism.

Professional Code of Ethics

Professional Membership in SIP is recognition of a members' commitment to honour & respect their clients and peers, take responsibility of their work and commit to continue upgrading their skills and knowledge. This recognition helps members to build trust in their dealings with the Industry and the public.

Professional Competencies

As a professional association, we have developed Competencies for various tasks and jobs as related to the Internet professionals. SIP has worked closely with many associations and educational institutions in the past to encourage better professional standards for Internet practitioners.
